Summary

Passionate and motivated Full Stack Developer eager to contribute to web development, problem-solving, and collaboration skills. Seeking an entry-level position to launch a successful career in software development. Ready to bring fresh energy and enthusiasm to your dynamic team.

Education

Bachelor of Science in Mathematics, (2018- 2021)
SRM institute of science and technology, Chennai

HSLC (2017- 2018)
G.K Shetty Hindu Vidyalaya Matriculation Higher
Secondary School, Chennai

SSLC (2015 - 2016)
Beta Matriculation Higher Secondary School,
Chennai

Internship

UiAi Technologies, Chennai (August 2023-September 2023)

- Developed web applications using Flask, a Python web framework, to enhance user experiences and streamline data processing.
- Created RESTful APIs with Flask, facilitating efficient data communication between front-end and back-end systems.
- Collaborated with a cross-functional team to deliver Flask-based solutions, demonstrating strong teamwork and problem-solving skills.

Project

- Engineered a React.js application encompassing a CRUD system for employee data, integrating RESTful APIs and Redux for state management.
- Implemented JWT-based authentication, ensuring secure access to protected routes via React Router.
- Leveraged HTML5, CSS3 (including Flexbox/Grid), and ES6 JavaScript for a responsive, efficient front-end interface
- TechStack - React.js

Certification

Certification Name : Full Stack Developer Certification

Skills Covered : Proficiency in React.js for front-end development and Java for back-end development. Demonstrated ability to build dynamic web applications using these technologies.

Certifying Body : Fita Academy. (April 2023 - July 2023)
